Description

Techniplast 500 PU – UVR M polyurethane resin membrane - 7,5kg

TECHNIPLAST 500 PU - UVR M - TRANSPARENT POLYURETHANE RESIN

Two-component highly elastic polyurethane membrane for creating membrane layers that bridge cracks in the base in the TECHNIART FLOOR SYSTEM.

Characteristic:

- high ability to hide scratches and cracks on the substrate
- increased resistance to UV radiation and other weather conditions
- high chemical and mechanical resistance
- simple application

Application:

on substrates requiring crack-bridging ability, in particular indoor and outdoor car parks, as well as terraces and balconies

Available packages:

7.5 kg, 15 kg, 30 kg
