Description

Techniplast 500 PU - UVR T - colorless polyurethane resin - 3kg

Two-component, colorless, highly elastic polyurethane resin for coatings and floors using colored quartz filler according to the TECHNIART FLOOR SYSTEM technology.

Characteristic:

- high ability to hide scratches and cracks on the substrate
- increased resistance to UV radiation and other weather conditions
- high chemical and mechanical resistance
- simple application

Application:

- on substrates requiring crack-bridging ability, in particular indoor and outdoor car parks, as well as terraces and balconies
- as a binder for "stone carpet" floors
- as a cover layer in systems with colored quartz filler

Available packages:

3 kg, 6 kg, 12 kg, 24 kg
